

This should be a fun block and give you an opportunity to practice your hand piecing if you like. If not, you are welcome to machine piece it.

The  $4 \frac{5}{8}$ " x  $9 \frac{1}{4}$ " black rectangle is furnished. You will need the same size piece of a bright, wild print for the other half of your block and can cut them together using the two templates below. You will need 2 A's and 2 B's of each fabric.

Mark the centers of all the pieces so you can match an A piece of black to a B piece of color, and vice versa. Make two blocks with black A pieces and bright B pieces and make two blocks with bright A pieces and black B pieces. Assemble your block using the piecing diagram below. Completed block should measure  $7 \frac{1}{2}$ " square (7" finished). If you have any problems or questions, please call Glenna (830)996-3069.
