

## Scrappy Applique Workshop

Instructor: Shannon Brinkley

### Class Supply List

Size Options	Wall Hanging 30"x40"	Crib/Child 36"x54"	Lap 50"x60"
Background fabric	1 yd	1 ½ yds	3 yds
Backing fabric (includes 6" overage)	1 ½ yds	1 ¾ yds	3 ¼ yds
Batting (includes 6" overage)	36" x 46"	42" x 60"	56" x 66"
Binding fabric (2 ½" strips)	⅓ yd	½ yd	½ yd

-[Scrappy Bits Applique](#) by Shannon Brinkley (recommended for reference and required if you are making a pattern from the book)

-One Applique Template (available at [shannon-brinkley.com/shop](http://shannon-brinkley.com/shop) or from Shannon on the day of the workshop) \*not needed if you are using a template from the book, [Scrappy Bits Applique](#)

-Various fabric for the applique piece (5-10 fat eighths would be perfect)

\*see *Scrappy Bits Applique*, pg. 16, for suggestions on fabric selection

-Thread that coordinates with the collage fabric

-Bobbin thread

-A large teflon sheet or parchment paper

*The following supplies are in the [Scrappy Applique Kit](#), available for purchase on the day of class or on Shannon's website beforehand.*

-2.5 yards fusible web (I recommend Mistyfuse with a teflon sheet or parchment paper)

-2 yds lightweight, non-woven, fusible interfacing (I prefer Pellon 906f)

-1 yd tear away iron on stabilizer (I recommend Sulky Totally Stable)

-clear polyester thread

## Other Supplies:

- iron
- large pressing surface** (an old towel is ideal)
- scissors
- rotary cutter
- straight pins
- basting pins or spray (for basting your quilt, if you get that far)
- marking utensil (chalk or Micron pen, ideal)
- plastic baggies for extra cut collage pieces
- Machingers Gloves (optional, but recommended if free motion topstitching and/or quilting)
- Dritz Fray Check (optional)

## **\*Materials Preparation**

This is optional but helpful to make the most of the class time.

- **Apply fusible web to the back of your collage fabric.** If you have more than the recommended amount of collage fabric (5-10 fat eights), cut 4" strips of 8-10 (or more, if desired) different fabrics. Then apply the fusible web according to the manufacturer's instructions.
- **Trace your template onto your interfacing.** Be sure to use a marking utensil that will not disappear or smear.
- **Prepare background.** If you want to place your applique piece on a pieced background, like in the above picture, prepare the background before class. For ideas and free patterns, see [shannon-brinkley.com](http://shannon-brinkley.com).
