

**NBAQG Zippered Duffle Bag Workshop for October 21, 2023,  
with Nancy Evans Hanley  
(Finished size: 11" x 11" x 20.5")**

This bag is made using two-sided pre-quilted fabric (I get mine from Joann). You can make your own quilted fabric, but I would suggest just buying the readymade variety. It's so much easier. NOTE: If your fabric is directional, you'll need a few extra inches to seam together at the center bottom of the bag. Ask me how I know.

**Supplies and Cutting:**

Main fabric (body of duffle bag, front, back, and side pockets) = 2 yards of two-sided pre-quilted fabric. I always buy a little extra, just in case. You can always make a little zipper pouch with the extra fabric.

- Cut 1 rectangle 21" x 42.5" for main bag body.
- Cut 1 rectangle 12.5" x 44" for sides and side pockets. I will bring a template for this.
- Cut 2 rectangles 8.25" x 11.25" for front pockets (original pattern calls for just one front pocket—I have one front and back of the bag).

½ yard of coordinating fabric for pocket bindings and zipper tabs.

4 to 4.5 yards of 1.5" webbing for straps (over-the-shoulder or crossbody). There are some really cute webbing options online, Joann carries it in solid colors, or you can make your own straps using coordinating fabric and Pellon Fusible Fleece 987. If you choose to make your own straps, you will need more coordinating fabric than stated above (about ¾" yard) and three to four 4-5" widths of Pellon Fusible Fleece 987.

One 22" duo slider (double pull) zipper with plastic teeth (Joann).

If you want to bind your inner seams, you will need more coordinating fabric, or you can serge or zigzag your seams.

**Basic Sewing Supplies:**

- Sewing Machine
- Regular and Zigzag Feet
- Rotary cutter
- Cutting Mat
- Coordinating thread
- Pins (durable ones)
- Scissors
