

SUPPLY LIST & PREPARATION

TABLE RUNNER

MOST IMPORTANT

This is a short class. To get the most out of your time, please cut all of your fabrics as described before the workshop day. Double check your supply list before leaving home. Once all of that is done, you can expect to have an afternoon of fun at the workshop!

PREREQUISITES

All attendees should have a good working knowledge of their sewing machine and quilting tools, i.e., rotary cutters, rulers, etc. Minimal exceptions are made for beginners. As time permits, we are happy to help you with how to use these quilting tools.

WHAT TO EXPECT

In the workshops when I have used this pattern, everyone always finishes all of the HSTs and most complete the assembly of the main top. Some get as far as assembling the borders. If you are able to complete the entire top, that's great! If you don't, you will have the knowledge to complete this fast and easy quilt in the comfort of your home.

SUPPLY CHECKLIST
