

NBAQG Zippered Duffle Bag Workshop for October 21, 2023

with Nancy Evans Hanley

(Finished size: 11" x 11" x 20.5")

This bag is made using two-sided pre-quilted fabric. You can make your own, but I would suggest just buying the readymade variety. It's so much easier. Note: If your fabric is directional, you'll need a few inches more so to seam together at the center bottom of the bag. (Ask me how I know.)

Supplies and Cutting:

Main fabric (body of duffle bag, front, back, and side pockets) = 2¼ yards of two-sided pre-quilted fabric

- Cut 1 rectangle 22" x 44" for main bag body
- Cut 1 rectangle 12.5" x 44" for sides and side pockets (I will bring a template for this.)
- Cut 2 rectangles 8.5" x 12" for front pockets (original pattern calls for just one front pocket. I have two.)

1/2 yard of coordinating fabric for pocket bindings and zipper tabs

4.5 yards of 1½" webbing for straps (there are some really cute ones online or you can make your straps using coordinating fabric (you will need more than stated above - approximately 2/3 yard) and four 5" x width of Pellon Fusible Fleece 987.) My straps measure 150 inches.

One 22" coat/parka zipper (plastic teeth)

Basic Sewing Supplies

Rotary cutter
Cutting mat
Sewing Machine
Coordinating thread
Pins
Scissors
